BOB'S FEEDS
the first feed manufactured in Alabama to be fortified with --
VITAMIN B 12 & AUREOMYCIN

These important vitamin supplements have been included in BOB'S FEEDS for the past two years -- another example of how The Brundidge Milling Co. pioneered in the development of better feed for your livestock.

Here's good news for farmers, housewives and everyone who wants more and better bacon, ham and pork chops on the dinner table. A remarkable new growth-promoting ingredient known as Vitamin B-12-Antibiotic (Aureomycin, Feed Supplement) is now being added to all of BOB'S HOG AND POULTRY FEEDS. Pigs raised on such diets gain in weight substantially faster than those fed the best of other feeds, according to tests at Agricultural Experiment Stations in Florida, Ill., Indiana, Iowa, Michigan, Nebraska, Ohio and other swine producing states. They not only grow into hefty porkers faster—they are also healthier, less subject to disease and runtimes is eliminated. Its use will save money for the farmer and help him produce more high quality meats for the world's needs.

About People and Things

By C. B. McDowell

SNAKES SEE PINK ELEPHANTS

Will DeVaughn who operates a sawmill between Elba and New Brockton brought three large rattlers to Elba Tuesday in a cage. He said he poured gasoline into a hole, making the snakes drunk. Then they came out in an inebriated condition and are easy to handle. They must suffer from terrible hangovers after their gasoline binge because their disposition is anything but sweet after they are caged. Mr. DeVaughn makes a business of capturing and selling rattlers to a concern in Ozark.

Ran McCollough reported that Charles Boswell killed one of the largest rattlers he ever saw on his old place north of town Monday. Mr. Boswell said Mr. DeVaughn can have all the live rattlers he wants but he prefers to have them dead.

FIRE DESTROYS
Fire destroyed or damaged hundreds of pine seedlings last week west of town. They had been set out last year by Albert and Billie Perdue. Dana B. Perdue also reported that fire destroyed many seedlings. He had set out on his route. He discovered the fire in time to save part of his trees but the damage was heavy. The Perdues suffered severe loss. They said they believe the fires were incendiary origin.

HAPPY IN NEW HOME
Brayden Smith reports that he visited "Uncle" William Cain at his new home which was recently completed. It is on the same site as the one which was destroyed by fire several months ago. Mr. Smith said the new structure in the Basin community is of block construction, equipped with running water, sanitary fixtures and electric lights. He said Mr. Cain is happy in his new home.

CHURCH DECORATIONS
Mr. and Mrs. J. A. Sewell have donated indirect lights over the choir and pulpit, drapes for the windows and a chandelier for the altar at the Methodist Church. They have recently moved to Elba from Birmingham and are residing in Mr. and Mrs. Boss Clark's log cabin on Hickman Ave.

Mr. Sewell is employed as plant manager at Dorsey Trailers.

TWO NEW HOUSES
Mr. and Mrs. L. J. Mack are building two concrete block houses on their lots in West Elba for rental purposes. They will be modernly equipped.

Messrs. John Jacob Bonneau and John M. Garrett were guests at a house party at the home of Mr. and Mrs. G. C. Pierce during the weekend.

Mrs. Fred Harper, Fred Jr. and Miss Lollie Harper attended a tea Sunday afternoon at the Theta Chi house in Auburn in honor of the home mother.

Miss Martha Ham, of Columbus, Ga., recently visited her parents, Mr. and Mrs. Wesley Ham.

4-H Boys Will Have Saturday Calf Tour
The 4-H boys in Coffee County that are feeding beef calves for the April show and sale will make a tour of the homes where the calves are located on Saturday morning, March 10 to observe the calves. The boy feeding calves this year are Ellis Warr, Haywood Meeker, Max Mathews, Jack Mathews, Cecil Hall, and Billy Baxley. The Wiregrass Fat Stock show in Dothan will be held April 10 and 11 at Hanes and Son stockyards. The County Fat Stock show will be announced at a later date.

Dr. C. P. Hayes Is Starting New Office
Dr. C. P. Hayes is fitting up a modern office in the south corner of the Hayes Hardware Company's warehouse building. It will have an attractive glass front and will be modernly equipped throughout.

Dr. Hayes has had his office on the second floor of the Bonneau-Jeter Company building for many years. He reports that on several occasions his office has been burglarized of his office supplies. In fact, he said he finally decided to write instructions how to open the door so that the intruders would not have to break the lock.

Dr. Hayes said another reason he decided to build an office on the ground floor is to eliminate the numerous trips up the stairs for himself and his patients.

Fire Department Is Conducting Survey
The fire department is surveying buildings in the business section with the object of learning the most efficient way to gain access to them in case of fire. Chief Flournoy Whitman held a school of instruction at the City Hall one evening last week following a drill in which the firemen and police officers took part to do in case of fire in various buildings.

Each fireman had a specific duty to perform as part of the drill and procedure will be eliminated. The police department was instructed to block traffic from adjacent streets. An important feature of the department's program will be fire drills at the school buildings. A survey has already been conducted at these spots.

George W. Holmes of Glenwood Is Buried
George W. Holmes, lifetime resident of Glenwood, died at his home Feb. 2 following an illness of two months. Arthritis was given as the immediate cause of his death. He was born in Coffee County and was one of the county's prominent citizens.

Surviving are his wife, Mrs. Fannie Wicker Holmes, a daughter, Mrs. Dewey Harrellson; a brother, Bill Holmes; a sister, Lula Nelson.

Funeral services were held on Feb. 3 at Antioch Church, conducted by J. A. Carnley. Interment was in Antioch cemetery. Hayes Funeral Home conducting.

Brief Illness Fatal to Two-Year-Old Boy
Charles Beasley, two-year-old son of Mrs. Kathryn Pittman and Jake M. Wambler, died Feb. 6 at a Montgomery hospital following an illness of 18 hours. Surviving besides the parents is a brother, Jake M. Wambler Jr.

Funeral services were held Feb. 7 at Damascus church, conducted by Rev. O. M. Fox. Interment was in Damascus cemetery. Hayes Funeral Home conducting.

Mr. and Mrs. Billie Farris announce the birth of a daughter, Mary Lynn, at Opp Memorial Hospital Jan. 26.

P. T. A. Hears Report on Progress of Elba Recreational Fund; Summer Leaders Sought
The 2nd Grade, under the direction of Mrs. Agnes Ingram and Mrs. Fulton Spurlin, furnished a program for the March meeting of the P. T. A. on Tuesday evening. They gave two dramatizations.

Mrs. Bentley conducted a business session following the program. Mrs. M. J. Brown was the Treasurer's report. Kline Bentley, chairman of special projects committee, reported that the Recreation Board had passed a resolution to create a sinking fund of \$100 monthly to be used for providing a modern swimming pool. That the cigarette tax, passed for a recreation program underway.

Victoria Farmer Dies at His Home
Joseph H. Stewart, prominent farmer of Victoria community, died suddenly about Feb. 2 at his home. He was a member of the St. John Baptist Church. He was born Sept. 18, 1876.

Surviving are his wife, seven sons, J. D. Jr., Dalton, Curtis, Hubert, Doyle and D. L. Stewart; three daughters, Mrs. Hubert Bell, Mrs. John Grimes and Mrs. Freeman Johnson.

Funeral services were held on Feb. 4 at St. John Baptist Church, conducted by Rev. Dock McCollough and Hwy. Right. Interment was in St. John's cemetery.

Three from County to Attend Birmingham Conclave of 4H Heads

Three Coffee Countians have received a special invitation from the Birmingham Chamber of Commerce to the state-wide meeting of state officers and county presidents which will be held in Birmingham to celebrate National 4-H Club Week March 9 and 10. Miss Louise LeCompte, Pleasant St. girls club leader, will attend as one of the eight adult chaperones. Jack Nichols, state treasurer, and Wilma Jean Motley, 4-H county council president, will be the two 4-Hers from Coffee County attending.

One of the main purposes of this meeting is to give special recognition to the state club officers and county 4-H presidents.

The Enterprise Banking Co. and Citizens Bank of Enterprise are sponsoring the trip to Birmingham.

PROGRAM FOR THE WEEK

Each \$1.00 invested in
NATURAL CHILEAN NITRATE OF SODA
brings big, EXTRA PROFITS this year!

HERE'S WHY: Nitrogen content - all nitrate nitrogen... fast-acting... completely available... the only natural nitrate in the world.
Sodium content - contains 26% sodium (equivalent to 35% sodium oxide)... sodium is essential to maximum yields... substitutes for potassium, where lacking, and makes soil phosphate more available... helps "sweeten" the soil.
Other plant foods - natural traces of iodine, manganese, potassium, magnesium, boron, calcium, iron, sulphur, copper and zinc.
Uncle Nathan says: Look for the bulging on the box. It means natural soda in free-flowing pellets! Use now for over one hundred years.

NATURAL CHILEAN NITRATE OF SODA

With leaders of Alabama's 126,824 4-H Club members gathered around him, Gov. Gordon Parson, left to right are Ann Barr, of Auburn, A. P. I. Extension 4-H girls' leader; William Pollard of Honorville, Butler County, 4-H junior leader; 1st former state 4-H president; Gov. Persons; Eugene of Auburn, A. P. I. Extension state 4-H leader.

County Leader Tells What Club Work Has Meant to Community

By Mrs. Birdie B. Goodman
In my opinion 4-H Club work is one of the most valuable experiences for boys and girls. During my several years to work with girls as a local leader I have noted the excellent opportunities which it affords for development of leadership.

If parents could understand the feeling of independence, and pride in a job well done, which a successfully completed project gives, they would all be anxious to help the boys and girls carry out. In our outstanding 4-H projects, awards are given for having done excellent work. It is more of the different projects sponsored by the 4-H clubs.

Our club has been fortunate to have had two 4-H County Council presidents in recent years, an attainment of which we local leaders and 4-H members are justly proud. But to me the practical knowledge gained

B-Q-R for COLD SYMPTOMS
A mild laxative and analgesic-pleasant to take-keeps you comfortable. B-Q-R gives prompt relief from cold symptoms-except no substitute.

in club work is the most important feature. When we think of the help in the homes, now and in the future years, which a well-trained club member will give, we cannot help being in full cooperation with the work. We can see results of good club work in the community through some improvement, landscaping, gardening and improved livestock.

I think we definitely would be taking a step backward to take 4-H clubs out of our schools.

PARENT NIGHT MEETINGS SET

Beginning March 1 there will be a 4-H Parent night meeting held in each community in the county where there is an organized 4-H club. At each meeting 4-H officers will preside and one of the program will be presented by 4-H members. All parents are invited to attend the meeting in their community.

Meetings will be held in the schools.
Dates of the meetings to be held during the month are: March 1, Newburg; 5, Damascus; 6, Victoria; 7, Bluff Springs; 8, Basin; 12, Goodman; 19, Pine Grove; 20, Egan; 21, N. Hope; 22, Kinston; 23, Fairview; 24, Pleasant; 27, Curtis and on March 28, Zion Chapel.

Bobby Hudson Tells How Group Helps

By Bobby Hudson
I have been in the 4-H club five years. I have always enjoyed working with it. It has taught me how to get up in public and make a speech without being afraid. I have been a member of the 4-H club since I was 10 years old. I am now vice president of Coffee County 4-H Council and I have enjoyed all of it.

in club work is the most important feature. When we think of the help in the homes, now and in the future years, which a well-trained club member will give, we cannot help being in full cooperation with the work. We can see results of good club work in the community through some improvement, landscaping, gardening and improved livestock.

Organization Prexy Lists Benefits of Her 4-H Club Projects

By Wilma Jean Motley
I cannot express words what club work has meant to me. During my four years as a 4-H member, I have completed several projects. When I was in Junior Club, my first project that proved of interest to me was sewing. The first garment I made was an apron. I thought I had done an excellent job. Then I began to make larger garments.

In my Senior Club work I have taken Home Beautification which has also proved of interest, and my parents have been interested in helping me with my plans on this project.

The thing that has proven of greatest interest to me was the trip to the State Camp and Short course at Auburn last September. While there I had

GAS is FINE in The Furnace-not in Your Stomach
If your stomach burns "like fire" it means your food turns to gas instead of digesting. So you are in misery with bloated and can hardly breathe.

Elba people say they are free of stomach gas since they got CERTA-VIN. This new medicine digests food faster and better. Taken before meals it works with your food. Gas pains go! Bloat vanishes! Contains Vitamin B-1 to enrich the blood, give you pep and make nerves stronger. Miserable people soon feel different all over. So don't go on suffering. Get CERTA-VIN. Whitman Pharmacy, ADV.

CARD OF THANKS

We wish to take this means of thanking our many friends and neighbors for their many kind words and sympathy shown during the sickness and death of our dear beloved wife and mother, Foy Eageron.

May God place his richest blessing upon each of you.
G. C. Eageron and children
Many experiences that have proved of great value to me as a 4-H member. We heard other 4-H leaders from over the state tell of their success in 4-H work. While there, we met all of the state officers and many of the leaders. We heard a report given by the state officers and winners of the trip to Chicago. We saw awards given to members who had done outstanding club work.

One of the highlights of this trip to us was an interesting talk by our Director of Extension Service, P. O. Davis. We also heard short talks by other state leaders. This has meant much to me. I'm sure it did to all other 4-Hers that attended. I have held the office of president in my local club twice, and an county council president now. I feel this a distinct honor and have enjoyed working with the leaders and 4-H club boys and girls.

SUSANNAH WESLEY CRICK

The Susannah Wesley Circle of the Methodist W. S. C. S. held its regular meeting the evening of Feb. 26 at the home of Miss Peggy Blue.

Mrs. Stokes Hale presided over the meeting and Mrs. Fred Davis gave a study of "The Health of the American People." Present for the meeting were: Messames Robert Marsh, Frank Boswell, Frank Palmer Jr., A. H. Sellers, Robert Cooper, Fred Davis, L. F. Inman and Miss Peggy Blue.

Messrs. Terry Kendrick and George Jones, who have both been suffering from heart ailments, went to Enterprise hospital Friday for a routine check. Their doctor found them well on the way to recovery.

CONCERT

Mrs. L. Adams

APRIL 1

Elba High School Auditorium

The American Legion Post 329 is sponsoring the talented and enchanting L. Adams in a musical concert Sunday, April 1.

This is the first of a series of musical programs to be sponsored by the American Legion.

Other events to come shall be a concert by the charming Mrs. Patton, another talented artist.

A talent program by the young people of Elba and Coffee County will be sponsored later in the spring.

Any talented young people including dancers, musicians, speakers or others who are interested, kindly contact Mrs. Mary L. White, instructor of veterans, Elba, Alabama.

STATUE OF VULCAN

The Statue of Vulcan is atop Red Mountain overlooking the city of Birmingham. It is the second largest metal statue in the world, surpassed only by the Statue of Liberty. Vulcan's up-lifted hand is 130 feet above a small park on top of the mountain. Birmingham is the steel and iron capital of the South, and in the center of limitless deposits of ore, coal, and limestone.

COUNTY AGENTS URGE WIDER USE OF TARPULAINS IN RECENT SURVEY

Recently a nationwide survey of over 3,000 county agents was conducted to determine how to best protect against loss with the use of tarpaulins. Literally 1001 ways were suggested by these county agents to use Farm Tarps in all types of farming for a more profitable operation. Using Farm Tarps to cover and protect crops, livestock and machinery and the use of more tarps per farm for greater protection were urged by the county agents.

Two typical examples of what was said by the county agents are these statements: "Farm Tarps should be used on trucks hauling livestock to market, to protect animals from rain, cold or heat. Certainly livestock hauling without covering protection of the animals is a risky business at any time." "Many times I have trailed behind a loaded truck and noticed the

Red Cross Drive Is Underway for West Part of Coffee County

The annual American Red Cross drive to raise essential funds for operation of the West Coffee County Chapter office is under way. Committee are working throughout this part of the county with the object of obtaining the quota of \$3,700 as soon as possible. Chairman J. D. Whitman said this quota is larger than ever before for this chapter but explained that never before have the needs been so great. The Red Cross during times like these has tremendous responsibilities and is performing services that no other agencies can execute.

All of our people should realize that the collectors who are volunteering their services are busy folks. The rest of us should do to receive them courteously and contribute liberally and promptly so as to take as little of their time as necessary. It is of great importance to the Red Cross that the \$3,700 quota be raised as quickly as possible.

Mrs. Olen Warren met her husband in Baton Rouge, La., on Sunday and visited their through Wednesday.

ASK US FOR THE BOOK ON TARPS. EAGLE MERCANTILE COMPANY

The tightening of price controls was felt by merchants in Elba this week as they received papers from the Office of Price Control district office in Montgomery. They are being required to list prices at a level below the current market level. A March 29 deadline has been lowered on having the papers back in Montgomery.

DICK BROWN UP & AROUND

Dick Brown, proprietor of Veterans Auto Parts, was discharged from the Veterans Hospital in Montgomery recently after undergoing lengthy treatment for a kidney ailment.

NO LIONS CLUB

Because of the revival being held at the Methodist Church this week, the regular meeting of the Lions Club was postponed.

HOTSHOT BETTER

Rhettia Ann (Hotshot) Crook, daughter of Mr. and Mrs. Kermit Crook, underwent an operation for appendicitis last Wednesday at Edgewood Hospital in Troy. She has improved rapidly and was brought home Wednesday evening.

AUDITORS HERE

State auditors were giving the county books their annual check in the office of Will Kendrick, Commissioners court clerk, this week. The audit is made each year by the state.

REG. JIM IN TOWN

Ex-Governor Jim Folsom was in Elba Monday and Tuesday on business at the Emergency Aid Insurance Company. He visited with Mr. and Mrs. Ross Clark Monday night and left Tuesday noon. Mr. Clark stated that the ex-governor received a telephone call from the United Press and was here. They wanted to know if he had any comm'n at the parole board rules played up by the daily papers. Mr. Folsom replied by asking whether the answer should be "On or Under." When the reporter asked, "What do you mean on or under," Folsom said, "On the stump or under."

MARRIAGE RECORDS

A request for information on marriage license prior to 1937 brought out some interesting information in the office of the Judge of probate at the courthouse. While there is no record of records are available through 1937, marriage records before 1877 are not to be found.

Harold English, deputy in the probate office, states he does not know what could have happened to the records. An old courthouse several miles from Elba was burned during the Civil War and they might have been lost then, though the warranty records were not. An old warranty book opened to May 15, 1851 showed where a slave and her child were sold for \$341.

SNOW IN MARCH

Winter gave one last snowy blast at Elba Tuesday when a flurry of flakes were seen in the air during the morning.

A weatherman might have noted a trace but in Elba it was news. According to Drayden Smith, the son of one of the account in the region fell on Dec. 30, 1943. He said there was no record in his knowledge which showed a snow falling in March.

FLOOD ANNIVERSARY

March 14, 1929 was a black date in Elba's history. The disastrous flood rocked the city back on its heels for many years with the heavy damage.

FINAL MEMO OF SALES

Farmers intending to sell seed peanuts now on hand and have them shelled for seeds, will have to call by the P.M.A. office for a final memo of sales. H. H. G-s-s-s-s, County administrative officer, said.

This large amount, which will come largely from investors, is being spent to back up our oft-repeated policy of "always being ready with power for any industry which might need it" and anticipating demands by "scheduling the building of modern generating plants so as always to have a reasonable capacity in reserve."

These troops are becoming familiar with the use of the compass in orienting their position on military maps. The outdoor class was recently conducted at Fort Leonard Wood, Mo., where the engineers, shown above, used the Army's standard pocket compass which embodies a device for "shooting an azimuth," or a straight line in a certain direction.

ARMY ENGINEERS ORIENT THEMSELVES

COMMISSIONERS OKAY Social Security

County employees were taken under the expanded social security program at the regular meeting of the Board of Commissioners Monday morning.

Workers for the county are now eligible for federal benefits that have been available to individuals in private enterprise since early in the Roosevelt administration.

The commissioners also decided to black top a two mile stretch of road from Danley Cross Roads to the Covington County line. This work is being done under F.A.C. with State and Federal participation. Routine payment of bills was also made.

A request for information on marriage license prior to 1937 brought out some interesting information in the office of the Judge of probate at the courthouse. While there is no record of records are available through 1937, marriage records before 1877 are not to be found.

Harold English, deputy in the probate office, states he does not know what could have happened to the records. An old courthouse several miles from Elba was burned during the Civil War and they might have been lost then, though the warranty records were not. An old warranty book opened to May 15, 1851 showed where a slave and her child were sold for \$341.

SNOW IN MARCH

Winter gave one last snowy blast at Elba Tuesday when a flurry of flakes were seen in the air during the morning.

A weatherman might have noted a trace but in Elba it was news. According to Drayden Smith, the son of one of the account in the region fell on Dec. 30, 1943. He said there was no record in his knowledge which showed a snow falling in March.

FLOOD ANNIVERSARY

March 14, 1929 was a black date in Elba's history. The disastrous flood rocked the city back on its heels for many years with the heavy damage.

FINAL MEMO OF SALES

Farmers intending to sell seed peanuts now on hand and have them shelled for seeds, will have to call by the P.M.A. office for a final memo of sales. H. H. G-s-s-s-s, County administrative officer, said.

This large amount, which will come largely from investors, is being spent to back up our oft-repeated policy of "always being ready with power for any industry which might need it" and anticipating demands by "scheduling the building of modern generating plants so as always to have a reasonable capacity in reserve."

These troops are becoming familiar with the use of the compass in orienting their position on military maps. The outdoor class was recently conducted at Fort Leonard Wood, Mo., where the engineers, shown above, used the Army's standard pocket compass which embodies a device for "shooting an azimuth," or a straight line in a certain direction.

ARMY ENGINEERS ORIENT THEMSELVES

COMMISSIONERS OKAY Social Security

County employees were taken under the expanded social security program at the regular meeting of the Board of Commissioners Monday morning.

Workers for the county are now eligible for federal benefits that have been available to individuals in private enterprise since early in the Roosevelt administration.

The commissioners also decided to black top a two mile stretch of road from Danley Cross Roads to the Covington County line. This work is being done under F.A.C. with State and Federal participation. Routine payment of bills was also made.

UNCLE MAC CONFINED

The cold weather is keeping "Uncle Mac" indoors this week and he is restricted to quarters by doctor's orders. It doesn't appear to be any thing serious so likely as not he will be back in his regular corner here next issue.

OP'S CLOSING IN

The closing of the price controls was felt by merchants in Elba this week as they received papers from the Office of Price Control district office in Montgomery. They are being required to list prices at a level below the current market level. A March 29 deadline has been lowered on having the papers back in Montgomery.

DICK BROWN UP & AROUND

Dick Brown, proprietor of Veterans Auto Parts, was discharged from the Veterans Hospital in Montgomery recently after undergoing lengthy treatment for a kidney ailment.

NO LIONS CLUB

Because of the revival being held at the Methodist Church this week, the regular meeting of the Lions Club was postponed.

HOTSHOT BETTER

Rhettia Ann (Hotshot) Crook, daughter of Mr. and Mrs. Kermit Crook, underwent an operation for appendicitis last Wednesday at Edgewood Hospital in Troy. She has improved rapidly and was brought home Wednesday evening.

AUDITORS HERE

State auditors were giving the county books their annual check in the office of Will Kendrick, Commissioners court clerk, this week. The audit is made each year by the state.

REG. JIM IN TOWN

Ex-Governor Jim Folsom was in Elba Monday and Tuesday on business at the Emergency Aid Insurance Company. He visited with Mr. and Mrs. Ross Clark Monday night and left Tuesday noon. Mr. Clark stated that the ex-governor received a telephone call from the United Press and was here. They wanted to know if he had any comm'n at the parole board rules played up by the daily papers. Mr. Folsom replied by asking whether the answer should be "On or Under." When the reporter asked, "What do you mean on or under," Folsom said, "On the stump or under."

MARRIAGE RECORDS
